

MAJOR STUDIO 2

Final Project
Quincy Bock

What do you like to teach?

physics

ecosystems

light

astronomy

animals

What is easiest to learn?

human development

nano-tech

ecosystems

physics

sound

light

chemical reactions

Cool demos
Get to go outside
Applicable to their lives

What is hardest to teach?

chemical bonding

microbiology

magnetism

fluid mechanics

climate change

forces

electricity

current

What is hardest to learn?

chemistry

natural selection

thermodynamics

resource management

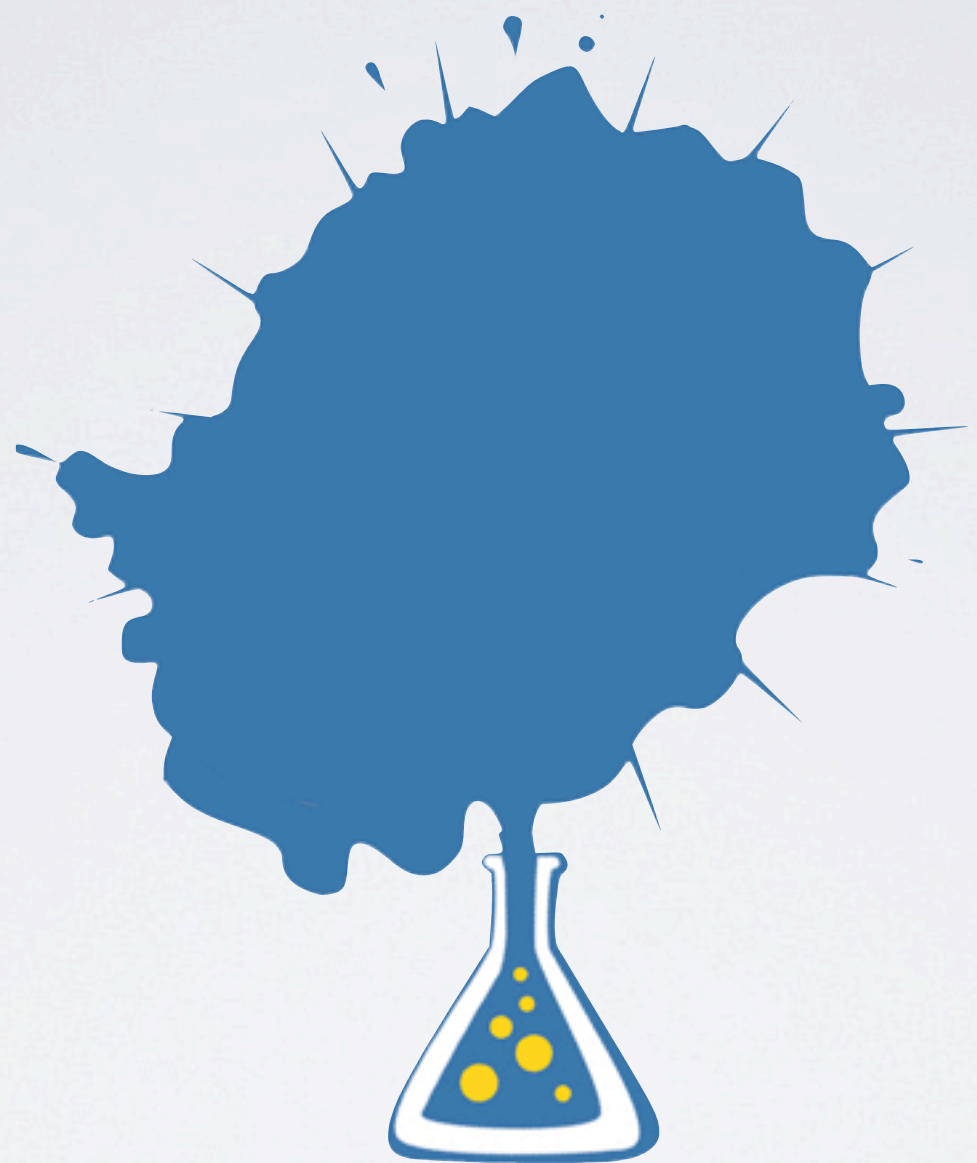

climate change

vectors

laws of motion

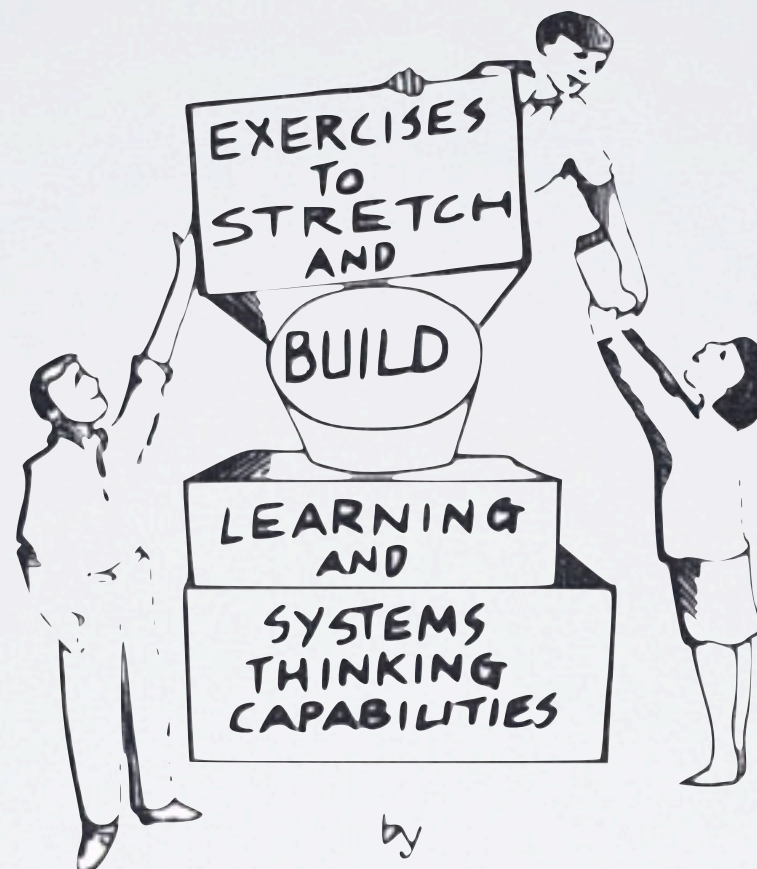

heat

Too abstract
Not visible

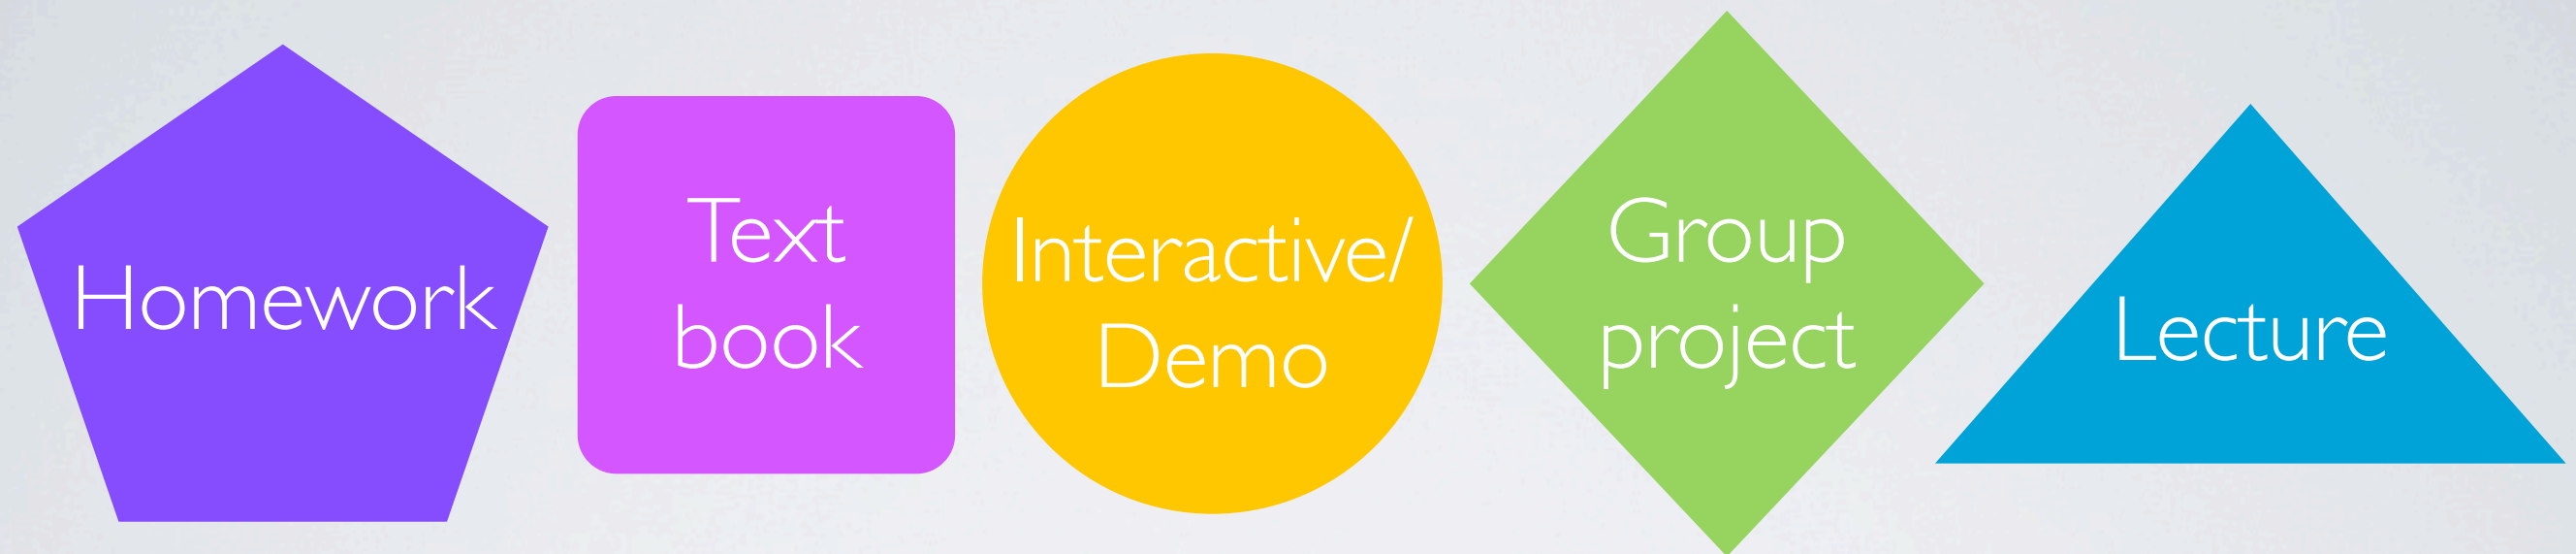

The SYSTEMS THINKING PLaYBook

by
